12/14-18 College Cres Hornsby, NSW 2077, Sydney

Objective

- To gain more experience in web development.
- To work in a environment where I can use my creativity and technical skills.
- To work in a environment where there are opportunities for continued learning and career advancement.

Technical Skills

Confident and efficient user of the following:

- HTML, CSS, PHP, SQL, JavaScript and JQuery

Have a clear understanding of:

- CMS(WordPress), SEO, web design fundamentals, Adobe programs(Dreamweaver and Photoshop)

Education

Certificate IV Web-Based Technologies(ICA40311)

July 2014 - November 2014

The Northern Sydney Institute (Hornsby), TAFE NSW

Project:

A holiday resort website:

<http://infoweb.hornsby.tafensw.edu.au/~indigo06/sunny%20spot/home.html>

- This website is designed and created for the general public to get information about this resort. The website also allows registered users to do cabin management such as adding, editing and deleting.
- Web pages are created with HTML and PHP;
- All pages are styled with response CSS;
- SQL is used to operate database;
- When managing cabin, all data is validated with JavaScript before submitting to server.
